ABOUT ME

Frontend-focused web developer with hands-on experience in building full-stack web applications using React, HTML, CSS, and JavaScript. Experienced in developing secure and user-friendly web solutions with backend support using Python (Flask) and MySQL. Skilled in authentication, RESTful API integration, and building scalable web applications.

EDUCATION

2022 - 2026

Presidency University

Bachelor of Technology I am a B.Tech Information Technology student with a growing interest in web and software development, gaining hands-on experience in programming, databases, and modern development tools with CGPA 7.84.

2020 - 2022

KLE Society's S.
Nijalingappa College

Pre-University Course (PUC) – PCMCS

Completed PUC with a strong foundation in Physics, Chemistry, Mathematics, and Computer Science, achieving an overall score of 87.5%.

INTERSHIPS

2025-June July

Hindustan Aeronautics
Limited

WEB DEVELOPER INTERN

Developed a Secure Text Transfer Application at HAL using Flask and databases, focusing on encryption, authentication, and secure data handling in a professional development environment.

2026-NOW

DHRUV
TECHNOLOGIES

SOFTWARE INTERN

Contributed to developing and maintaining web applications using ASP.NET, C#, .NET Framework, and SQL Server, focusing on application logic, database operations, and debugging.

PROJECTS

**Secure Text Transfer
Web Application**

Built a Secure Text Transfer Application using Flask and MySQL, implementing encryption, authentication, and role-based access to protect sensitive data

**WeatherForecast
Prediction**

Developed a Weather Forecast Prediction system using Raspberry Pi by analyzing pre-existing weather data to predict temperature and rainfall trends.

**Farmers' Sustainable
Fertilization Application**

Built a Farmers' Sustainable Fertilization web application using React with image processing support to assist in eco-friendly fertilization decisions.

SKILLS

- Languages: Java, C, JavaScript
- Frontend: HTML, CSS, JavaScript, React, Responsive Web Design
- Database: MySQL
- Tools: Git, GitHub, VS Code, JSON, Basic UI/UX Principles
- Communication Skills
- Problem Solving
- Teamwork
- Quick Learner
- Adaptability

Achievements

Volunteer – National Level 3-Day Hackathon (2025) - Helped organize and manage event logistics, working with participants and mentors. - Supported technical sessions and assisted teams with solutions.
